SKILLS

1) Technical- Operate AutoCAD, Stadd Pro Software Create and understanding residencial building drawing (Plan& Elevation) Also the stadd pro structure design. 2) Good basic knowledge about structural Update info of structural engineering Calculations Of structure, estimation 3) Good knowledge in computer . 4) labour management. Personal- Hardworking, Timely, Honest, Anchoring and Presentation skills.

PERSONAL DETAILS

Date of Birth : 18/07/1998

Marital Status : Single

Nationality : Indian

INTERESTS

Structural design, Analysis of structure.

ACTIVITIES

OBJECTIVE

Excepting a challenging and dynamic career in civil engineering, Where can apply my knowledge and skills development intellectual growth and career advancement and to achieve the position That's would offer job satisfaction and channels for knowledge gained.

EDUCATION

SSC-10th 80.20%
State Board Maharashtra
2014

HSC-12th 66%
State Board Maharashtra
2016

BE (Civil) 63.23% -Average of BE
Shivaji University Kolhapur.
2020

Civil infotech 2020
Staddpro Bentley
A

Civil Infotech 2020
Autocad 2D, 3D
A

EXPERIENCE

SRT Construction 06/04/2020 - 01/10/2020
Planning engineer
6 months job as a site supervisor and estimation of project work also desing the auto cad structure and staddpro design.

Siddhivinayak developers and builder's 07/12/2020 - Till workng
Site engineer
Material estimation, labour management, RCC still design
Checking, site supervision.

ACHIEVEMENTS & AWARDS

Government survey of flood infected areas awarded of sangli nagarpalika. Sports certificate in kabadi veries leavel Plasma donor. sincere certificate awarded by Collage .

PROJECTS

Sports person Passionate for gym and exercise

LANGUAGE

Read-write-- Marathi हिंदी English

Watershed Management.

Designed And Built a small tyre bhandhra

Structural Analysis & Dynamics.

Studying and implementing different construction Methods.

Certificate gained by village name of red of its grampanchayat.

Thats useful for in summer season

Assisting seniors in forecasting the cost, quantity and budget of

equipment, manpower and labor.

Conducted site survey with seniors and analyzing data to execute

projects.

Handling reports and maps, engineering blueprints and photography, etc.

ADDITIONAL INFORMATION

Internship Of Last year

Company- Ap Construction

Duration-2 months

Project On- Commercial Building

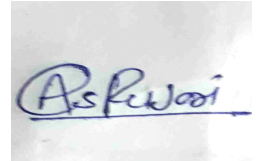

Project Work- 1)Oversee construction and maintenance of facilities.

2) Calculating requirements to plan and design the specifications of

the civil work require

3)Studying structural Analysis & Dynamics.

4)Studying and implementing different construction Methods
