OBJECTIVE

A competent Project Engineer with excellent communication, organization and co-ordination skills. Possessing a proven track record of preparing and executing project plans and programmes, ensuring that work is carried out in accordance with the companies procedures and client's satisfaction. Able to ensure timely, Safe and cost-effective design and implementation during the life cycle of projects from conception till customer satisfaction. Currently looking for a suitable Project Engineer or consultant position with a forward-thinking employer.

Skills

Microsoft Office, Project Planning, Quality Assurance, AutoCAD, Autodesk Inventor, Pv-Elite, Vendor Coordination, Negotiations, Cost Estimation, Proposal Preparation, Requirement analysis, Manufacturing methods & procedures, Documentation Skills, Safety Management, Design Skill, Process Improvement, Supervision.

Work Experience

Sr. Mechanical Engineer

Alco Chem Engineering Pvt Ltd, Pune

2022 – Present

- Maintain timely documentation of all activities related to the specific projects until site acceptance certificate.
- Determines project specifications by studying product design, customer requirement and performance standard.
- Engineering support to Packaging team during fabrication activities, project packing list preparation.
- Confirm product performance by designing & conducting tests.
- Determines project schedule by studying project plan & specifications, calculating time requirements & sequencing project elements.
- Preparing, scheduling, coordinating, and monitoring of assigned engineering projects
- Maintain project schedule by monitoring project progress, coordinating activities & resolving problems.

- Control project plans by recommending actions
- Controls project costs by approving expenditures and administering contractor contracts.
- Prepare project status report by collecting, analyzing and summarizing information and trends.
- Maintain clean & safe working environment by enforcing procedures, rules & regulations.
- Maintain project database by writing computer programs, entering & backup data.
- Maintain product & company reputation by complying with federal & state regulations.
- Contributes to team efforts by accomplishing related results as needed.

Project Handled

- 1) Trunkey Supply of 75 KLPD molasses-based distillation plant.
- 2) Supply & Fabrication of Recovery column.
- 3) Supply & Fabrication of Heat Exchanger.
- 4) Supply & Fabrication of Alcohol Scrubber.
- 5) Trunkey supply of 480 m2 Evaporation Plant.
- 6) Supply & Fabrication of Steam Condensate Tank.
- 7) Supply & Fabrication of Condenser.
- 8) Supply & Fabrication of 9900 m3 capacity storage tank.
- 9) Supply & Fabrication of Fume Scrubbing System, Qty: 1 no's

Project Engineer

Chemsys Process Engineering Pvt Ltd, Pune

2020 – 2022

- Complete engineering projects by organizing & controlling project elements.
- Develop project objectives by reviewing project proposals and plans and conferring with management.
- Determine project responsibilities by identifying project phases & elements.
- Assigning personnel's to phases and elements & reviewing bids from contractors.
- Determines project specifications by studying product design, customer requirement and performance standard.
- Completes technical studies and cost estimation.
- Confirm product performance by designing & conducting tests.
- Determines project schedule by studying project plan & specifications, calculating time requirements & sequencing project elements.
- Maintain project schedule by monitoring project progress, coordinating activities & resolving problems.
- Control project plans by recommending actions
- Controls project costs by approving expenditures and administering contractor contracts.
- Prepare project status report by collecting, analyzing and summarizing information and trends.
- Maintain clean & safe working environment by enforcing procedures, rules & regulations.
- Maintain project database by writing computer programs, entering & backup data.
- Maintain product & company reputation by complying with federal & state regulations.

- Contributes to team efforts by accomplishing related results as needed.

Project Handled

- 1) Supply & Fabrication of oxygen generation plant, Qty: 15 no's
- 2) Supply & Fabrication of Hydrogen Storage Tank, Qty: 1 no's
- 3) Supply & Fabrication of Heat Exchanger, Qty: 2 no's
- 4) Supply & Fabrication of Scrubber, Qty: 1 no's
- 5) Supply & Fabrication of Charcoal Bed, Qty: 2 no's
- 6) Supply & Fabrication of PEB Structure for JSW steel, Qty: 52 ton
- 7) Supply & Fabrication of Storage Tank, Qty: 2 no's
- 8) Supply & Fabrication of Condenser, Qty: 4 no's
- 9) Trunkey Supply & Fabrication of PP Lined Reactor, Qty: 1 no's
- 10) Supply & Fabrication of Steel edge Protector, Qty: 21 ton
- 11) Supply & Fabrication of Reactor, Qty: 2 no's
- 12) Supply & Fabrication of Fume Scrubbing System, Qty: 1 no's

Trainee Engineer

Technocrat Solutions Pvt Ltd, Pune

2018 – 2020

- Collaborate with the senior engineers to create more efficient methods & maintain profitability.
- Development of specifications for all equipment that is required for each project.
- Create the framework used to develop & monitor project metrics and manage the collection of project data.
- Formulate realistic parameter for each project, including design element & implementation procedures.
- Establish the method by which all field tests are administered and develop various ways to monitor the quality of these tests.
- Prepare customer proposals for testing & purchase; develop project schedule & solution requirement specifications for customized solutions.
- Tasked with project management, technical documentations.

Project Handled

- 1) Fabrication of Spiral Heat Exchanger, Qty: 1 no's
- 2) Fabrication of Bag Filter's, Qty: 2 no's
- 3) Fabrication of Plate Type Heat Exchanger, Qty: 1 no's
- 4) Fabrication of Fin Tube type Shell & Tube Heat Exchanger, Qty: 14 no's

- 5) Fabrication of Acid Storage Tank, Qty: 1 no's
- 6) Supply & Fabrication of Planetary Mixer, Qty: 1 no's
- 7) Fabrication of Chimney, Qty: 1 no's
- 8) Fabrication of Nitrogen Tank, Qty: 1 no's
- 9) Fabrication of Mixing Tank, Qty: 2 no's
- 10) Fabrication of Fermentation Skid, Qty: 2 no's
- 11) Fabrication of Heat Exchanger shell & Steel Parts, Qty: 24 no's

Education

BE (Mechanical Engineering):

- Institute: Pravara Rural Engineering College, Loni Maharashtra
- Duration: 2015 to 2018
- University: Savitribai Phule Pune University, Pune Maharashtra

Diploma (Mechanical Engineering):

- Institute: P. Dr. V. V. P. Polytechnic, Loni, Maharashtra
- Duration: 2013 to 2015
- University: Mumbai University, Maharashtra

Higher Secondary School (HSC):

- Institute: Shri Saibaba Junior College, Shirdi, Maharashtra
- Duration: 2011 to 2013
- University: State Board, Maharashtra

Secondary School Certificate (SSC):

- Institute: Chhatrapati Shambhuraje Madhyamik Vidyalay, Pimpalwadi, Maharashtra
- Duration: SSC pass out- 2011.
- University: State Board, Maharashtra

Place: Pune
