EDUCATION

- Bachelor of engineering in Petrochemical Engineering (2018-2022) with a CGPA of **7.6** at SVS College of Engineering.
- HSC(2018) with **80%** at Saraswathi Vidyalaya Matric Hr.Sec School.
- SSLC(2016) with **93%** at Saraswathi Vidyalaya Matric Hr.Sec School.

AREA OF INTEREST

- Equipment Modeling.
- Piping & ISO Draft.
- Structure Modeling.
- Material Take Off (MTO)
- Grid Creation

DECLARATION

I here by declare that the above details furnished by me are true to the best of my knowledge.

CAREER OBJECTIVE

To have growth oriented and challenging career where I can contribute my knowledge and skills to the organization and enhance my experience through continuous learning and teamwork.

EXPERIENCE

Process engineer trainee at Tagros chemicals pvt .Ltd,cuddalore (6 months).

SKILLS

- **SP3D(KAGIRA DRAWING SOLUTION)**
- **E3D (KAGIRA DRAWING SOLUTION)**
- **AUTOCAD(BASICS)**
- **MS OFFICE**
- **EXCELL**

INTERNSHIP

Completed the online Internship program on "**Petroleum Industry Waste Management**" conducted by Institute of Innovations.

PROJECT

Synthesis of silver nitrate capped Thespesia Populnea seed biochar and its application in adsorbtion of dye.

JOB PROFILE

- Piping Modeling.
- Equipment Modeling.
- Isometric Extraction.
- Isometric Checking With Respect to P& ID, piping specification.
- Preparation of nozzle orientation drawings.
- Comfortable in checking drawings and documents.
- Checking of clash and resolving.

Truly,

ARULMURUGAN R
