

## 2023 September Games Player Requirements

This document is meant as a quick reference guide for teams to understand the basic minimum requirements in order to participate in each event. We strongly recommend signing up more players than the minimums outlined below (in case of game day emergencies, sickness, scheduling conflicts, etc). Please reference event-specific rules for more information on substitutes and alternates.

**Important note:** CCC is committed to creating an inclusive environment for all participants and we expect our members to do the same. Teams should be including/inviting all interested employees regardless of background, skill, gender identity/expression, etc.

All CCC Events are mixed gender. This means that multiple genders must be represented on the field of play at all times (unless otherwise stated). Ideally, any one gender will not represent more than 55% of your company's total participation count.

EVENT	PER GAME	DETAILS	ALTERNATES PERMITTED?
	# OF PLAYERS		
5K RUN	4	Companies may enter "Fun Runners" (with donations for the Calgary Food Bank) who will not count toward the company's score in the event. Teams must decide prior to the race which runners will represent the company and which runners will be running just for fun.	No
